

## WANTS NEW EXECUTOR.

George A. Einstein, a Sergeant in the National Guard, sought the removal in the County Court at Pater-son, N. J., yesterday, of his uncle, William Einstein, from the trusteeship of the estate of his father, Samuel, who died at Pompton Lakes in 1905, leaving an estate worth \$1,000,000.

The petition asserts that the uncle, as trustee, "jumbled the assets of the estate" and acted in a "dictatorial, antagonistic and insulting manner." Samuel Einstein gave Pompton Lakes its library. His wife was the first woman in New Jersey elected to a School Board.

To Darken Hair  
Apply Sage Tea

Look Young! Bring Back its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea, with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.—Advt.

HOUSE BLOWN UP  
BY GAS EXPLOSION;  
THREE IN HOSPITAL

Bronx Contractor, His Wife  
and Son Seriously Injured  
as Home Is Wrecked.

A gas explosion to-day wrecked the three-story home of Joseph Danella, a contractor, at No. 282 Birchall Avenue, and spread excitement through that section of the Bronx. Danella, his wife and five-year-old son John were taken to Fordham Hospital badly injured.

All the windows in the house were blown out and the first and second floors were reduced to ruins. Only the outer frame and the top floor remain. Furniture, plaster, pictures and household goods were transformed into debris.

The explosion occurred about 9 o'clock. Gas escaped from a leak in the cellar, which Mrs. Danella says she had been trying for three weeks to get the gas company to repair. While preparing a meal this morning she lifted a lid from a coal range in the kitchen and the gas came into contact with the fire.

Danella, who was hanging a picture in the hall near the front of the house, was blown through the door and into the middle of the street. Mrs. Danella and John were buried under an avalanche of ruins. Two other sons, James and Joseph, six and three years old respectively, were on the third floor and escaped injury. There are ten children in the family, ranging up to twenty years in age, and all the rest had gone either to school or to work when the explosion occurred.

The blast was heard for a mile around and an excited throng soon filled the streets. The Bronx Park east station of the White Plains subway, adjoining the house, was shaken and passengers waiting for trains rushed to the street in a panic. Police reserves quieted the crowds and kept them away from the wrecked building.

Capt. Roche and the men of Truck Company 41, which is near the scene of the explosion, dug out Mrs. Danella and her injured son. They and Danella were lacerated on the head, neck and hands, and in addition Danella has a fractured leg.

Deputy Fire Chief Hayes declared the ruins unsafe and ordered the neighborhood cleared and the Building Department notified.
